

**The Bonutti Clinic Welcomes Orthopedic Sports Medicine Surgeon,
Joseph M. Ajdinovich, M.D.**

Effingham, Illinois, USA – August 17, 2017 – The Bonutti Clinic is proud to announce the new addition of Dr. Joseph M. Ajdinovich, a Fellowship-trained orthopedic sports medicine surgeon, to the Clinic. Dr. Ajdinovich will begin his Orthopedic Sports Medicine practice with the Bonutti Clinic October 2017.

Raised in Munster, Indiana, Dr. Ajdinovich received his undergraduate education at Purdue University in West Lafayette, Indiana graduating with a bachelors of science with a major in Biology and a minor in Latin. He proceeded to Indiana University School of Medicine and received his doctorate in medicine in 2010.

Dr. Ajdinovich's postgraduate training started with a general surgical internship at Penn State University Medical Center in Hershey, Pennsylvania. He then proceeded to Kingsbrook Jewish Medical Center in Brooklyn, New York, where he was accepted into their orthopedic residency program. After completion of his residency, Dr. Ajdinovich was invited to complete a sports medicine fellowship at the Orthopedic Foundation for Active Lifestyles in Stamford, Connecticut. While there, he trained under renowned sports surgeon, Dr. Kevin Plancher. Dr. Ajdinovich has received intensive training in the most current techniques of surgical and non-surgical sports injury management, including PRP, stem cell injections, and cartilage restoration.

Sports have always been a passion for Dr. Ajdinovich, and his career keeps him close to the action. Having grown up just southeast of Chicago, he calls the midwest home and sees Effingham and the Bonutti Clinic as a perfect fit for both him and his wife, Stefanie. Dr. Ajdinovich is now accepting appointments. To schedule an appointment, call (217) 342-3400.

###
